

# UNPARALLELED SPACE TO NAVIGATE 'THE NEW NORMAL' WORKPLACE

Camp North End has been ahead of the curve in optimizing occupant health through design. This ongoing commitment means office space that stands out in the post-Covid world.

## A. OUTDOOR PATIOS

Serve as a great gathering spaces for social distancing

## B. IMPROVED AIR QUALITY

With the filtration system's 33% more fresh air intake over typical high-rise buildings

## C. SELF-CONTAINED SUITE

Provides tenant control of HVAC & restrooms

## D. AMPLE DAYLIGHT

Creates increased energy, workplace efficiency and work productivity

## E. DIRECT ACCESS

No elevators or shared lobbies

## F. MULTIPLE ENTRANCES

Minimize pinch points

"The purpose of an office has changed. Much of what we do today is being automated away. Leaving us humans with a need to become better at what humans are good at: design, imagination, empathy, abstract & critical thinking, judgement and innovation. The only point of an office will be as places that catalyze these human skills, in collaboration with our peers."

- ANTONY SLUMBERS

"Work, the Workplace and COVID-19"
